

SOLAR PANELS

Legacy Park Design Standards Section II, Paragraph H provides:

1. Solar Panels require prior written approval from the ARC. Panels should not be visible from the front of the home, street, or sidewalk.
2. All panels must be aesthetically pleasing and align with the roof materials and structures.
3. Panels cannot negatively impact any neighboring properties.
4. Upon removal of the panels (by sale or no longer the desire to own), the roof must be returned to its original condition.
